POLARAID™

HEALTH AT YOUR FINGERTIPS!
Created by Georges Lakhovsky and Nikola Tesla

It is very true that it works!

I have been seeing this PolarAid™ ad month after month and always wonder if it works. One day, my mother said to me: "I would like to try this disc. I have attacks from gout and I have pain in my legs and hands because my bones are deformed." So I bought a disc.

I had chemotherapy and radiotherapy almost a year ago. This has affected my health and since then I have gastric and intestine problems and I have been confined to a wheelchair.

When I received the disc, I read the instructions carefully. It's true that it works, even if you do not believe in it. I tested the disc under a dying plant and in a short time, the plant healed.

Also without believing in it, I put the disc under a glass of water for twenty minutes to compare the content with the water from the tap. The energized water was different, softer to taste.

For the first time, I did my chakras according to the instructions before I placed the disc on my knee which hurts. Then, I forgot about it because I was working on the computer. After a moment, I thought: "I feel no more pain." I continue to do it whenever I have pain and my life has changed. I'm feeling like I'm cleaning my body.

I can not tell it does miracles but it can happen because miracles are something we can't explain. We only have to understand how it works. This disc is an antenna developed by Dr. Georges Lakhovsky and Nikola Tesla. A radio or television antenna works without any questions. Similarly, PolarAid™ works and our body responds as much as a television captures the waves and gives us images. We have to listen to our body and must recognize when it's enough.

So with each pain, I place the disc and after a while I do the chakras. For the past two days, I have been applying the disc on my ear for short periods because for years the interior of my ear pricks up to my throat, and it disappeared. If that comes back, I will do it again. For my intestines problems, I sit on it for longer periods because it is more serious.

My mother recommended the disc and I bought it. She also had problems with her ankles. After three months, her ankles have become improved. Hence, my sister had cheek cancer and she has used the disc during her radiotherapy. The hospital still does not understand how her cancer has disappeared. Her cheek is now beautiful.

With all the wellness that it has done to us, I recommend the disc PolarAid™ to everyone, even if it is only to keep us in shape. At the age of 72, I have all kinds of weaknesses in my body. I thank PolarAid™ and I thank life for giving me the opportunity to discover this disc." (C.G., Saint-Constant, Quebec)
